

## LOCAL AND PERSONAL

### HONDO'S 1932 HONOR GRADUATE.

MISS MARY LOIS BARNES

daughter of Mr. and Mrs. T. C. Barnes, left Friday for Austin where she entered Texas University. Miss Barnes graduated last May with high honors from Hondo High School.

County Chairman Fletcher Davis of the Democratic Executive Committee went to Uvalde Saturday to attend a meeting of the Executive Committee of the 15th Congressional District. Nineteen out of the 23 counties comprising the District were represented, sixteen by proxies and Uvalde, Medina and Frio by their Chairmen. Mr. Price of Uvalde was elected District Chairman, about the only business transacted. Before adjournment resolutions endorsing the Democratic National ticket were adopted. The matter of organizing an Executive Committee for the 77th Representative District and declaring the result officially of the Representative race in the first primary went by default on account of the absence of the Chairmen from Zavala and Dimmitt Counties.

Among the young ladies of Medina County attending Our Lady of the Lake College in San Antonio are Miss Laurinda Rothe, daughter of Mr. and Mrs. Arthur Rothe of near D'Hanis; Miss Pernice Rihn, daughter of Mr. and Mrs. Alfred Rihn of Rio Medina; Miss Doris Haegelin, daughter of Mr. and Mrs. Edmund Haegelin of Rio Medina and Miss Lucy Davis, daughter of Mr. and Mrs. Fletcher Davis of Hondo.

Neglect to hygiene and scientific nourishment of the human body, causes soft bone, bad teeth, poor health and lack of economy. Scientific care of face and scalp requires reliable assistance and the best supplies. Maricello face cream, lotion, and powder, Nestle hair dye, colorinse and permanent wave supplies are nationally advertised and for sale at Ladies' Beauty Shoppe.

Mr. and Mrs. Edwin L. Balzen and Mr. and Mrs. Charles Schlentz went to Georgetown Sunday to take Adolph Balzen to Southwestern University where he entered school as a freshman. Mr. Balzen will pursue a premed course during the ensuing term. The party returned home Monday afternoon. They report a pleasant trip to the University city.

Messdames Fletcher Davis and H. E. Haass accompanied County Chairman Fletcher Davis to Uvalde on his political mission Saturday and while he indulged his favorite sport of politics the ladies amused themselves viewing Uvalde County's "navigable streams"—without risking an attempt to cross them—and viewing the sights of a real city in Uvalde.

Messrs. F. A. Fitch, President of the Park Laboratory Company of San Antonio, manufacturers of a popular line of family remedies, and W. A. C. Garage on Pecan street, San Antonio, were here Wednesday shooting doves in the north zone. They were pleasant callers at this office while in town.

Mrs. Louis Scherrer and two grandsons, Sherrill and Larry Isom, and Mrs. H. E. Taylor and little daughter, Mary Lucille, of San Antonio were guests of Dr. and Mrs. O. B. Taylor and son, Blanton, Saturday afternoon. They were accompanied by Misses Octavia and Lucy Davis who spent the week-end here.

Messdames Eugen Hucsser and Robert Koch were hostesses of the Card Club of St. John's Parish at the school, Tuesday afternoon. There were eight tables of cards, four of bridge and four of High Five. Winners were Mrs. John Rieber of D'Hanis bridge and Mrs. L. E. Heath for High Five.

Mr. and Mrs. J. Frank Jungman and little son, Young Frank, of Houston are visiting Mr. Jungman's parents, Mr. and Mrs. P. Jungman this week. Mr. Jungman has just completely recovered from his long spell of sickness and is a picture of health.

### DISAPPOINTED.

Judge R. J. Noonan and Commissioners H. F. Buss of Hondo, Oscar Tondre of D'Hanis and Robert Rihn of Castroville, joined by a committee from Devine, waited on the Highway Commission by appointment last Monday with reference to proposed highway construction in this section. The committee was disappointed in that the Commission abruptly dismissed all consideration of the proposed highway from Hondo to New Braunfels by way of Bandera and Boerne and would give definite assurance of nothing further than an early preliminary survey of the stretch from Hondo to Devine.

This should not have been unexpected—and to this paper was not—in view of the upset the assumption by the state of several hundred million dollars of county and district road bonds, as a consequence of the recent act of the legislature to that effect, will give highway funds, if a court can be found that will sustain the constitutionality of an act which does by indirection what the constitution forbids the state to do directly and which the voters have defeated before by their ballots—issuance of state road bonds. You can not expect to buy new roads with funds that have been diverted to the paying for old roads already built. Thus we see the "benefits" of Sterling's "taxpayers' relief" as it works out on the ground!

However, even if this measure stands up in court, new policies and possibly new legislation will affect the administration of highway affairs after the middle of next January, and the matter of a much-needed better road between Hondo and Devine, while needlessly delayed, is only delayed, unless its backers choose to let it go permanently to sleep.

### ST. PAUL'S LUTHERAN CHURCH.

"And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done unto one of the least of these my brethren, ye have done it unto Me." Matt. 25:40.

Only a small circle of friends know about this Orphans Home in Iowa where we spent a day recently. About eighty children took their places at the table, boys and girls at different tables, one older one to supervise his or her table of six. Quietly and orderly they joined in the blessing. Reverently without a sound they sat as we read the evening devotional after meal. How they drank in all they could understand! And then when you offered them some attention they were so anxious to get all they could. For there is no mother and there is no father to love them.

The old folks had their own compartments. Old widows, widowers, who had made a home for others, but who depend upon brotherly love to provide them with one, until their final summons.

We meditated upon this as only one of the many ways for one to serve "the King". We wondered if it was "worthwhile". And then we could hear those words out of eternity: "Inasmuch ye did it not to one of the least of these, ye did it not to Me." None of us wants to hear that final judgment some day. Rather should we long for the love of the Savior who declared: "My meat is to do the will of Him that sent Me and to finish His work."

Night came and 80 orphan children slept. But God was busy looking for souls to become Orphan Friends to feed and clothe and visit these least. He is looking for you and me. How long will He seek in vain?

There will be regular worship next Sunday morning at 10:30 in the German language. The Sunday School and Bible Classes will meet at 9:15. English service will be conducted at night at 7:30.

The San Antonio conference of Lutheran Pastors of the American Lutheran Church will meet in Hondo at St. Paul's on Tuesday and Wednesday, October 4 and 5. The Ladies Aid Society has charge of providing the meals for our guests. About 25 pastors are expected to attend. A special service will be conducted on Tuesday night, October 4, beginning at 7:30. Everyone is invited to this service.

### BIRTHDAY PARTY.

Dr. and Mrs. O. B. Taylor honored their little son, Blanton Price Taylor, with a birthday party Saturday afternoon, September 17, in observance of his fourth anniversary which was the following Monday, September 19th.

A large group of young friends joined in the celebration which was made merry by games, contests and a fish pond. A profusion of brightly colored balloons suspended about the home also afforded great amusement to the little folks.

In pinning the tail on the donkey, Master Charles Martin was the winner.

Refreshments of ice cream cones, birthday cake and taffy candy were served to the young guests.

Those present were Laura Lee Leinweber, Patsy Lou Kollman, Toadie Beal, Gladys Bohlen, May Beth Barry, Rollie Bless, Jr., Norma Worden, Dorothy and Tommie Ney, Sherrill and Larry Isom, Mary Lucille Taylor, Edith Crow, Buddie and Dorothy Johnson, Charlie Martin, Frances and Nookie Bendeale, Charles Monkhouse, Jr., Charles and Paul Vincent Mueller, Roy Carter and Blanton Taylor.

### CATCHING AT STRAWS.

It is proverbial that drowning men will catch at straws. Governor Sterling's contest of the nomination of Mrs. Ferguson is a case in point—only that he is already sunk!

On Tuesday of this week a gentleman, presumably working on the state's time and the state's pay, introduced himself at this office as a state ranger on an investigation of the primary election.

He is a courteous and affable gentleman and it is no fault of his that he was attending to private personal business at government expense; he was obeying orders from higher-ups.

When informed as to the fact that the primaries had been held without the presence of poll-tax lists—the polls, he seemed to have reached the limits of his investigation and was only casually interested in the equally "atrocious" fact that Medina county people had held a primary election without pay while the election law provides that they shall be paid out of funds assessed against county candidates—none of which we had.

If all Governor Sterling's complaints of fraud are as flimsy as those against Medina County, he will have one heck of a time showing any harm came to him through fraud in the election; the people of Medina County just didn't want any more of him and showed it in their votes.

However, a man who will stoop to using the state's employees at the state's expense to gather evidence in a matter of private business to be presented before a court presided over by a judge of his own appointment, as Sterling is doing, can kick up a lot of straws even if he is already sunk.

### OIL WELL ACTIVITIES.

Drillers on the Nixon test No. 1, a picture of the rigging of which appeared in this paper some weeks ago, had trouble with the casing and abandoned the well some three weeks or so ago. The rig was moved to a new location on the Fritz Faseler farm about a mile southwest of the Nixon location; and set up for a new test.

It was found here that a water well had to be secured first to supply water for drilling and this well has been completed.

We understand the new test was to be spudded in today, and is to be pushed as rapidly as possible.

We understand that drilling on the Jungman tract, near Chicon Lake, has a good showing of oil sand in the neighborhood of 400 feet. This is in the same area where a shallow gas well of tremendous volume blew itself in a year or two ago and was lost.

C. H. Emerson and associates of Dallas closed a deal Tuesday, with Mr. Ryal for acreage in his block of leases south of Hondo, and are to begin the drilling of a well on or before the 5th of October, on the South half of Tract No. 367, owned by L. J. Brucks. Quite a bit of interest is being shown by outside capital in this particular block of acreage under lease by Mr. Ryal.

### SEE, SYMPATHIZE, LAUGH, CRY OVER "CLARA DEANE".

It was a grim joke of Blind Justice to tear from her arms the baby she adored. For years she suffered, yearning for her daughter—praying for the moment when they would be reunited. And then—when the law denied her the motherhood that was her right, she took the law into her own hands!

"The Strange Case of Clara Deane" is poignant drama of a woman with the courage to sacrifice her own love for her child's happiness. It pulsates with Humanity's strongest emotion—Mother-Love. It is rich in heart-touching pathos. It has a cast that makes the mighty drama alive and real.

In the title role, Wynne Gibson appears first as an eager young woman of 1912, and as the story unfolds she grows older—wiser—with the bitterness that comes from disillusionment. Pat O'Brien, as the no-account husband, Frances Dee, as the daughter grown to lovely womanhood, George Barbier, Dudley Digges and Russell Gleason all appear in made-to-order roles. Louis Gasnier and Max Marcin directed the picture from the play by Arthur M. Brilant.

"Clara Deane" shows at the Colonial Theatre this Friday and Saturday.

### NEW FOUNTAIN W. M. S.

The regular monthly meeting of the New Fountain Woman's Missionary Society took place Wednesday afternoon at the home of Mrs. Jacob Schwers.

The meeting opened by singing, "I need Thee every hour." Mrs. Theo. J. Wiemers led the devotional, Prayer and Scripture Reading. Romans 8:24-29. Song: "Rescue Me Perishing." Mrs. Fritz Stiegler ably discussed the missionary topic, "The M. E. Church South and China's forward movement." Mrs. T. H. Heyen spoke on "Seek and Save that which is lost." A short business meeting concluded the program.

Following the program a social time was enjoyed during which the hostess served a delicious lunch to ten members and guests.

Ft. Worth, 9-20-32.

Gentlemen: I regret that I have been compelled to cancel my speaking date at Hondo, the 22nd.

Please announce in your next issue that I will speak over Radio WBAP at 9:30 Friday night, Sept. 23, and oblige.

Yours truly,  
GEO. W. ARMSTRONG,  
Independent Candidate for Governor.

### CAMPAIGN UNDER WAY.

The campaign for the national Democratic ticket in the No. 15 Congressional District will be conducted by a Committee composed of Chas. R. Tips, Three Rivers, who will be Chairman; W. R. Montgomery, Edinburg; Hal Brennan, Laredo; Mrs. Volney W. Taylor, Brownsville, and Mrs. Lamar Gill, Raymondville, according to an announcement received from Democratic Headquarters at Austin.

Complete responsibility for the success of the Democratic nominees in this district will be vested in the committee, it was indicated in a statement by Roy Miller and Senator Margie Neal, accompanying the announcement. Mr. Miller and Senator Neal are in charge of national Democratic activities in Texas. It will be the duty of the congressional committee to organize the district in such a manner as to bring out, as a tribute to John Garner, the largest Democratic vote it has ever cast, the statement continued. No doubt of the outcome was expressed, the only question being the "size of the majority".

The statement follows:

The plan of organization has two purposes in view; first, to decentralize the activities of the campaign; and second, to bring into the active work of the campaign as many Democrats of our State as possible, both men and women. Of course, there is no doubt as to the result in Texas. It is only a question of majority. We feel that every Texas Democrat will take a deep personal pride in doing what he or she can to make the result a fitting tribute to the ticket and more particularly to our own John Garner.

The various district committees are charged with the responsibility of organizing every county in their respective districts. They will utilize the existing organizations, that is to say, the County Executive Committees, wherever possible. If, however, in order to insure the sort of intensive campaign we propose, it is necessary to set up special committees, they are authorized to do so. Committees of women with Chairmen for each county and for each precinct in each county will be appointed to co-operate and work with the County Executive Committees.

What we have in mind and what we propose to accomplish with the co-operation of the loyal Democrats of Texas, is an active, energetic, enthusiastic working committee of men and women in every one of the nearly seven thousand voting precincts of the State. In other words, we hope to have not less than 40,000 Democrats working to make Texas the nation's banner State of Democracy.

Unfortunately, we have not been able to give committee assignments to all of the enthusiastic Democrats of the State who have tendered their services. However, this is the people's fight in which every forward-looking Democrat must play his or her part. There is a place for every one and we shall find glory enough for all in the splendid victory which shall be ours in November.

### JUDGE AND MRS. BRUCKS HOSTS.

The night membership of the Thursday Bridge Club were guests of Judge and Mrs. L. J. Brucks Friday night for several games of bridge. There were four tables arranged for bridge and the card rooms were adorned with late summer flowers.

Mrs. Horace Bradley and Mr. L. E. Heath won high score prizes.

Those present were Mr. and Mrs. Earl Starnes, Mr. and Mrs. L. E. Heath, Mr. and Mrs. Horace Bradley, Dr. and Mrs. T. B. Knopp, Dr. and Mrs. O. B. Taylor, Dr. and Mrs. H. J. Meyer, Misses Lillian and Josephine Brucks, and the hosts, Judge and Mrs. Brucks.

### A CHAPTER OF TRAGEDIES.

Medina County people are called upon this week to mourn with others in an unusual number of tragedies that touch some of our people very closely although occurring elsewhere.

On Saturday, September 17th, Harry Hampton Williams, age 57, died of heart disease in a San Antonio hospital. The deceased leaves his widow and five grown children. The Managing Editor of this paper first came to know the deceased when both of them were employed in the State Department of Agriculture some sixteen years ago. They had been friends ever since, and Mr. Williams' eldest son, Morris Williams, was the first linotype operator employed in this office some ten years ago. The deceased was a poet of no mean ability but was better known as a writer of Texas Tales, having recently published an attractive volume collected from a newspaper column which he edited for a number of years in the San Antonio Light under the title of Texas Trails. He was known personally to many of our local people, having been a visitor to Hondo on a number of occasions, and all join this writer in sympathy for his bereaved family.

A deplorable hunting tragedy took the life of Judge Nelson Lytle while he and his friend, Judge Dave Watson, were hunting doves in a pasture near San Antonio Saturday. The two men were shooting from opposite sides of a tank. It seems that the deceased changed his position without Watson noticing it and at one of his shots he heard a cry of pain and discovered that he had hit his friend. Reaching him, he found he had been hit in the region of the heart with two buckshot. The buckshot were accounted for by having become mixed among other shells left over from last year's hunting season. The deceased was a first cousin of Judge Ralph J. and Mr. Geo. H. Noonan of this county and was widely and favorably known all over Medina County where the deplorable tragedy is deeply mourned.

Deputy Sheriff George Mangold, a former Castroville boy and younger brother of August, Joe and Eugene Mangold of Castroville, was shot and killed early Sunday morning at a point on the Culebra road near San Antonio where he had gone with other officers in answer to a burglary alarm. While approaching two men in the act of robbing a Handy-Andy store, a third man, who had been left on guard, fired on Mangold at close range with a sawed-off shot gun, killing him instantly. Two of the culprits made a get-away but one was run down and overcome by the officers. He implicated the others who have since been arrested and have confessed to a whole series of crimes, disclosing a dangerous gang of outlaws. The deceased deputy is survived by his widow and two daughters, who, together with other relatives, have the sympathy of all who know them.

The people of Medina County sympathize with their Congressman and present Democratic nominee for the Vice-Presidency, Hon. John N. Garner, in the loss of his aged mother, Mrs. Sarah Jane Garner, who died at her home near Detroit, Texas, at 12:25 P. M., Tuesday, September 20, 1932. Deceased was 81 years of age and the descendant of a pioneer family which settled in that section in 1821. Judge Garner was at the bedside of his mother when the end came, having left his campaign in response to notice of her illness and hastened to her.

### DUNLAY P. T. A.

On Thursday night, September 15, 1932, the Dunlay P. T. A. held its first meeting. After reading the minutes of the last meeting, the treasurer's report was heard and approved. She reported a balance of \$44.14; then Mrs. Hight, our teacher, gave us a very interesting talk, also read a poem which every one enjoyed.

Various committees were formed such as, Finance, Membership, Hospitality, Publicity and Entertainment committees.

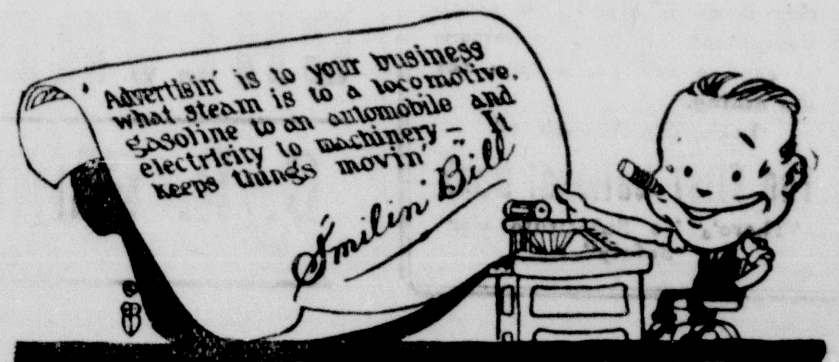

The club decided to have its meetings on Friday night, after this.

On Wednesday, September 7, we had "clean up" day at school. The floor was oiled, window panes put in, where necessary, grounds cleaned, etc.

We hope to have a larger attendance of members at the next meeting, October 14, 1932.

## SAVE WITH SIX CYLINDERS

—with more than six you sacrifice economy  
—with less than six you sacrifice smoothness

IF YOU'RE careful about the way you spend your dollars for a low-priced car, you'll be extra-careful about the way you count cylinders. Because if you count more than six, you're not going to get the lowest all-round motoring cost that is saving so many thousands of dollars for Chevrolet owners every day.

And if you count less than six—you won't be any better off from a dollars-and-cents standpoint. Six is the smallest number of cylinders you can have, and still get Chevrolet's built-in smoothness. And built-in smoothness saves you money. It guards against the insidious workings of excessive vibration. It holds repair bills down to rock-bottom. So—if the car is a Chevrolet Six—you'll SAVE!

Best of all: you can save with six cylinders, and not sacrifice one important advancement. You enjoy Free Wheeling, Syncro-Mesh gear-shifting, roomy Fisher bodies. Considering these facts—do you honestly think it's wise—or economical—to keep that old car any longer?

## QUIHI NOTES.

But the Son of man hath not where to lay His head. Matth. 8:20

Foxes have holes; birds, the roosters; men have stately residences, palaces, often unlimited incomes and conveniences—the Son of Man lives in a state of poverty, chronic depression. He might have had it otherwise. He who has fed many thousands from mysterious sources, who had undisputed control of wind and waves, of elementary forces of nature, legions of angels and every humanitarian impulse in man. He never used His miraculous power for His own profit and convenience. Sufficient unto the day was for Him "the daily bread" as given by His heavenly Father, quite often dispensed to Him by kind friends. And neither He nor His followers ever "lacked anything."—Thereby hangs a lesson. We have the same rich Father. Have we the same humble, serene and unshaken faith toward our daily bread as had this Son of Man?

The last Luther League Program was well attended, even beyond the capacity of the church building. Practically every number was rendered well, some brilliantly. High lights were the vocal and instrumental numbers, piano solos, vocal trios, quartets and the various choirs and many a memorable sentiment and thought was voiced in the readings and discourses. Our general accompanist, Mrs. Hy. Schuchle, deserves much credit for her painstaking efforts at these occasions.

In the business meeting of the League plans were discussed for a Social in the near future, consisting of a number of German and English playlets, plus all the other features that go hand in hand with it. An advisory committee for the selection of players was appointed: Misses Hilda Oefinger, Ellen Hartman, Esther Behlen and Mr. Edwin Grell. The members appointed for the general arrangement are: Mrs. W. Grell, Miss Hilda Munroe and the Messrs. Otto Lindeburg and Wm. Schuchle. Watch for the date!—Several young people were accepted into membership. The purchase of a fine auto-gas range for the parsonage was decided upon in a called session, the Ladies' Aid lending a substantial hand.

The Revs. F. A. Bracher of Fredericksburg and K. Konzack of Castroville, the latter joined by Mrs. Konzack, were pleasant callers at the Quibi parsonage. Welcome any time.

Next Sunday, September 25th, German service will be held at New Fountain at 10 A. M.; the English service at Quibi at 8 P. M. If the Lord has given you health and passable roads, be thankful and come. Announcement is also made of the Lay delegates meeting at Hondo on October 1st, for the discussion of current issues in congregational and synodical life.

## Stopped His Wife's Rheumatic Attack

Pain, Agony and Swelling Gone in 48 Hours with Swift Acting Prescription

That marvelous prescription—Allenru—promises you speedy relief from pains, aches and inflammation of Rheumatism, Neuritis, Lumbago or Sciatica.

Folks who have suffered the most piercing, wining agony—literally rendered helpless for weeks and unable to work have gained miraculous, joyful freedom from pain.

Allenru contains no opiate—rather, it's a superb formula especially compounded which treats your trouble scientifically—first immediately ending pain and bringing blessed comfort—then it drives out from muscles, joints and tissues the excess uric acid which is the cause of most rheumatic troubles—this excess uric acid starts to go within 24 hours.

W. H. WINDROW, The Nyal Store, and all leading druggists dispense Allenru—one 8 oz. bottle for 85c. MUST give joyful results as stated above or money returned.

## TO OUR SUBSCRIBERS.

In addition to increasing our postal rates on mailing our papers about 25 per cent, the Hoover scheme for relieving the depression compels the post office to charge us two cents for every notice of change in address it delivers to us. You can send us a notice on a 1c postal card and not notice it, but a 2c charge on us will soon aggregate a burdensome sum to us, so we beg of you to not leave it to the post office to notify us of change of address but do so yourself as soon as a change is made. Postmasters are asked to send no notice until several undelivered papers are accumulated and then only one. Thanking you in advance, we are,

Yours truly,  
THE EDITORS.

Poor Sleep Due To Gas In Upper Bowel

Poor sleep is caused by gas pressing heart and other organs. You can't get rid of this by just doctoring the stomach because most of the gas is in the UPPER bowel.

The simple German remedy, Adlerika, reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness, bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect. You will say the day you read this was sure a lucky day for you. W. H. Windrow, Druggist.

### CASTROVILLE CULLINGS.

Castroville, September 21, 1932.

On Sunday evening, September 21st, the Zion's Luther League of Castroville presented a musical-literary program to a fairly large crowd.

The program following was opened by a hymn and a scripture lesson by Mrs. K. Konzack:

Selection by Luther League  
Address by Paul Geiger  
Selection by Luther League  
Declaration by Miss Elrine Stolte  
Reading by Augusta Bippert  
Organ Selection by Mrs. K. Konzack  
Selection by Luther League  
Dialogue by Milton Stolte and Reinhart Bippert  
Address by Rev. Liebfarth  
Duet by Mrs. C. C. Bippert and Miss Renada Wurzbach  
Violin Solo by Miss Tusnela Wurzbach, accompanied by Miss Renada Wurzbach.  
Closing hymn and prayer.  
After the program the league had a short business meeting.  
Reinhart W. Bippert, reporter.

### DEVINE NEWSLETS

From The Devine News.

#### SHIPMENT FINE TURKEYS IN.

Mr. J. M. Martin, production man of the Turkey Growers' Association, who moved here from Midlothian last week, is out on the road rounding in and shipping in some good-looking birds from other sections, getting their business started off. So far they have met found enough eggs to get their new incubator started off for a full hatch.

Messrs. Fritz Muennink, P. C. Jagge, S. A. Jungman, and others of Hondo, visited in Devine this week, meeting the voters. It won't be long now until the 10th of November will be here.

#### HUNDREDS POUNDS DATES FROM TREE HERE.

Constable G. B. Grant gave us samples of fine dates taken from trees at his home. Says there were perhaps 150 pounds, but one large bunch broke from its weight. Mrs. J. W. Fullerton has also harvested around 100 pounds from the old tree in her yard. These are large commercial dates; and show what can be done here.

#### SHIPPED THREE CARS PEANUTS

Three cars of peanuts have been shipped from Lytle, but farmers estimate that \$10,000 nuts and have been lost in the continuous rains of the past two weeks. Sam Hawes reports losing around 6,000 lbs. ploughed up on 140 acres before the rain. He may save 1,000 lbs. but they are damaged. Prices have been about like last year, 50 cents and up. Lytle had around 2,000 acres in peanuts and they were very fine.

Every farmer along the proposed route should be in favor of the paved highway between Devine and Hondo. It will not only mean several hundred thousands of dollars spent here, but will add to the value of every farm it touches, even if it should cut it in two. Don't oppose the road until you have heard all the good things explained to you.

#### FROM BIRY.

Late last week, Miss Ruby Heath is at home from school in San Marcos. Mrs. Desra Mann and son spent Monday eve in Devine. Miss Lucille Littleton is spending a few days in San Antonio. Mr. and Mrs. Frank Rihn and baby and Mr. Geo. Bader, spent Saturday in Hondo with Mrs. Rihn's father, Mr. Jake Bendeke, who is taking treatment from the doctor. Mr. Albert Bilhartz and daughter, Miss Thelma Ozell, spent Friday eve in Hondo.

### Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment." Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of women know.

For your health's sake ask for and get Kruschen at W. H. WINDROW'S—or any drug store—mail orders filled—the cost for a bottle that lasts 4 weeks is but a trifle and if after one first bottle you are not joyfully satisfied with results—money back.

Mr. and Mrs. Oscar Schmidt and children spent one day the past week in San Antonio.

Mr. Jack Bilhartz spent one day the past week in Devine.

Mr. George Heath returned to his home in Dallas after spending two weeks with his brother, Mr. Jess Heath.

Mrs. Meda Bippert from Castroville spent the week with her sister, Mrs. F. J. Biry.

Prof. and Mrs. Gordon McCorley have moved back and ready to start school. This week they are attending institute in San Antonio.

Mrs. J. L. Kempf and children spent Saturday in San Antonio.

Mr. R. C. Blackburn spent Saturday evening in Devine.

The H & H Coffee man served free H & H Coffee from 3 to 6 Saturday. Mr. and Mrs. Geo. McCollum from San Antonio spent the week-end with her mother, Mrs. Emma Haass.

#### FROM BIRY.

Prof. and Mrs. Gordon McCorley attended Institute in San Antonio last week.

Mrs. Thesia Bendeke of San Antonio spent a few days with her sister, Mrs. Emma Haass.

Mrs. Joe Breiten and son and Mrs. Armin Brieten went to San Antonio Tuesday, and were accompanied home by Armin Brieten who has been in San Antonio for a month taking treatment.

Mrs. Meda Oefinger returned to her home in Castroville after spending the week with her sister, Mrs. F. J. Biry. Mr. Jack Bilhartz spent Monday in Devine.

Mr. and Mrs. Henry Schmitt of San Antonio spent Sunday here.

Miss Dorothy Love from San Antonio spent the week-end with Miss Lucille Littleton.

C. A. Posch from Miranda City spent the week with his parents and little son, Jimmy.

Mr. and Mrs. George McCollum of San Antonio spent the week-end with her mother, Mrs. Emma Haass, and was accompanied home by her little sister, Miss Hazel, who will go to school there.

Monday, Sept. 12, school opened with a nice attendance, and Prof. and Mrs. McCorley are teachers, this being their second term.

Devine ball team came over Sunday and played the Biry team. The score was 6 to 7 in favor of Devine.

Mr. and Mrs. Clarence Wernette and children spent Saturday at Hondo.

Mr. and Mrs. Oscar Schmidt and children spent Saturday in Hondo.

Mr. and Mrs. Leslie Saathoff made a pleasure trip to Muldoon, and were accompanied home by their sister, Miss Anna Paul Null.

We understand that Chicon Lake had to be drained this week to do some repairs on the water gates, damaged recently when the gates were raised to save the dam; also to get rid of polluted water from the sheep pens up there; and also to rid the lake of noxious mosses and weeds that were scattered down the canals. Some fishermen, who have been complimented with passes, are having a lot to say about dead fish; but The News is informed that the game wardens were present and water district men helped put back the eatable species of fish, by the thousands, that those that died were mostly hickory shad, unfit to eat, while ate small fish; and that in the long run fishing will really be better in the lake. About five feet of water is left in the main channel; but there will be no fishing permitted until the lake is refilled with clear water in about thirty days, when the moss dies.

hills of the Ozarks. The Weaver Bros., better known as the "cornfield deserters", entertain with musical instruments entirely different from the average, they use a sugar barrel for a bass violin, an egg crate for a snare drum and a seven prong fork as a cello. The Ozark Hired-Hands are a litter of back to nature creatures. They do their hill-billie dances in their barefeet. Elviry is as contrary as ever and has with her—her famous "cornfed beauty chorus".

Supporting Weaver Bros. and Elviry and their Ozark Hired-Hands, are Donovan Girls and Bishop the "Delineators of Harmony", Ben Flo Brady the "Radio Torch Singer deluxe" and Harris Twins and Loretta who present "Daring dances in rhythmic motions" and the Mocking Bird Trio, imitators of birds.

#### SALES INCREASING.

Detroit, Mich., Sept. 22.—Continuing the upward trend evident since late in July, Chevrolet dealers reported an increase of more than ten per cent in the sale of new cars and trucks in the first ten days of September over the same period in August. H. J. Klingler, vice-president and general sales manager of the Chevrolet Motor Company, announced today.

This marks the fourth consecutive ten-day reporting period to score a gain in Chevrolet business over the corresponding period of the previous month, and is a direct reversal of previous experiences of the company, whose duldest summer season normally is in August and early September, Mr. Klingler said.

Actual reported sales were 8,529 new cars and trucks in the first ten days of September as against 7,688 in the same August period, and 6,541 in the first ten days of July. The September showing was regarded here as particularly favorable because it went above average expectations. The encouraging upward climb of the sales curve has necessitated building and rushing several thousands more new cars into the field than the late summer projection called for to replenish dealer stocks, according to the Chevrolet executive. Stocks of new and used cars have been consistently lowered during the summer period and are now at an absolute minimum, he stated.

General improvement in sales was evident in the reports from nearly every one of the company's nine sales regions in the United States, Mr. Klingler declared. Particularly encouraging showings came from the regions centering at Dallas and Atlanta, where the improved outlook for cotton is proving a decided stimulant to automobile sales.

### INSECT ENEMIES—GRASS-HOPPERS.

By L. A. Hawkins,

Agricultural Extension Department International Harvester Company.

Occasionally and under certain favorable conditions grasshoppers do considerable damage to field, orchard and garden crops.

Grasshoppers propagate along the banks of streams and ditches, in hay and alfalfa fields, and in rubbish piles. The locations afford excellent places for the female to lay her eggs. The eggs hatch in late spring and early summer and immediately the young begin their destructive work.

Winter plowing, deep disking, and constant cultivating disturbs the egg pods, breaking or exposing them so they are destroyed by the heat or frost or eaten by the birds.

In serious cases trap crops are planted along one side of the field and then sprayed with an arsenical poison. In case a strip of grass and weeds is left growing along the fence row, spray it with a stomach poison.

The use of poisoned bait will help destroy the pests. This bait is made by mixing 1 pound of paris green, white arsenic or sodium arsenite with 25 pounds of wheat bran. Add to this 2 quarts of low-grade molasses with 3 gallons of water and add the juice and rind of six finely chopped lemons or oranges. This poisoned bran mash should be scattered in infested grain and grass fields, orchards and gardens. Five or 10 pounds should cover an acre.

This is the most effective method of controlling grasshoppers once they are in the fields.

Hopperdozers or hoppercatchers are mechanical devices used sometimes where grasshoppers are seriously thick. These catchers have caught as high as 4 to 8 bushels of grasshoppers per acre and there are about 200,000 in a bushel. So many grasshoppers would do heavy damage in a short time.

### DAIRY BREED ANNOUNCES NATIONAL MILK CAMPAIGN.

An advertising campaign on Guernsey milk is to start in leading women's magazines in September, according to Karl B. Musser, secretary of the American Guernsey Cattle Club.

Musser says that even under present economic conditions great strides have been made in the marketing of this special milk and breeders of registered Guernseys feel that conservative advertising now will pay large dividends on the return to better times. Breeders are literally taking the bull by the horns rather than wait for balmy days, declares Musser.

Several years ago a national Trademark was obtained on Golden Guernsey Products and now more than 300 distributors are marketing the milk from over a thousand Guernsey breeders under this Trademark.

Strict sanitary conditions are demanded of the producer and distributor and a small royalty, sufficient to cover the national advertising, is charged. In addition a complete milk advertising service is made available.

Julia and Jane, Hortense, Alice and Gloria are among the famous Guernsey cows which are to introduce this milk to the American housewife.

### GOOD YIELDS OF GRAPES AT WINTER GARDEN EXPERIMENT STATION.

Young grape vines produced as high as 4 lbs. each this season at the Winter Garden Experiment Station. Five vines each of 46 varieties were planted in the spring of 1931 and many of these bore crops the same year. This year practically all bore fruit. Highest yielding varieties were Grenache, Zinfandel, Champlel, Black Spanish, Lomanto, Alicante Bouschet, and Manito.

Earliest varieties to mature were Chasselas Fontainebleau, Chasselas Nesuchatel, Lomanto, Alicante Bouschet and Manito. Best quality were Dattier, Muscat, Zinfandel, Champlel, and Ellen Scott. Promising market varieties are Cornichon, Dattier, Muscat, Armalaga, Alicante Bouschet.

Champlel, Lomanto, and Manito have the advantage of being resistant to black rot making them valuable for home use. They have much of the Concord flavor.

### COUNTY STOCKED WITH HOGS IN FIVE YEARS.

Juicy country cured ham and brown gravy is a Young county farm surplus about which no complaint is heard says G. R. Warren, county agent. In five years the county has changed from a place where meat hogs were scarce to one where brood sows are everywhere and pigs for home use and for sale are abundant. Definite plan and action brought the change, according to Mr. Warren, who points out that cooperation between farmers and local civic organizations resulted in extensive importations of good gilts a few years ago. Demonstrations in feeding and in modern killing, cutting and curing methods have done the rest.

### D'HANIS DOINGS.

D'Hanis, September 21, 1932.

#### SECO SCHOOL NOTES.

The patrons of Seco School assembled for a clean-up of the school house on September 10. Many of the parents also attended the opening of school on the 12th, when 23 pupils were enrolled.

Ex-students of Seco School who are continuing their studies elsewhere are: Lawrence Rothe, sophomore at Texas A. & M.; Jacob and Lawrence Weynand, Irene, Leona, Effie, and Melverda Poerner at St. Anthony's School, D'Hanis; Annette and Bonnard Rothe at Hondo, Alma Weynand has returned to Harlandale High School, San Antonio, where she will be graduated with the class of 1933. Howard Rothe and Melverda Poerner are members of the graduating class of Hondo High and St. Anthony's High School, respectively.

The Seco Community P. T. A. held its first regular meeting of the new school year at the school house last Friday night, September 16. Several songs were sung by the entire audience after which the meeting was called to order by the President, Mr. Hubert Lutz. The minutes were then read by the Secretary, Miss Margaret Lutz, and reports of the different committees were heard. New committees appointed to install playground equipment were as follows: Mr. George Bendeke, chairman of the committee to arrange a volley ball court, and Messrs. Walter Rothe, Wallace Lutz, and Joe J. Lutz to put up swings.

It was also decided that the teachers buy necessary workbooks for pupils of the current school year.

The meeting then adjourned and delicious refreshments of cookies and coffee were served by the hostesses, Mrs. Louis Pichot and Mrs. Alfred Rudinger.

Dance at D'Hanis, Koch Hall, Sunday night, September 25, music by Paul Tschirhart's Orchestra. Admission 50c and 25c.

#### ADDRESSES CO-WORKERS.

Legislators from the 15th Congressional District, represented at Washington by J. N. Garner, nominee for vice-president, were addressed at a meeting today by Chas. E. Tips of Three Rivers, Chairman of the Executive Committee in charge of the campaign for the national ticket in the district, Roy Miller, State Campaign Director, and Frank Scofield, in charge of the Texas drive for campaign funds. Tips told the legislators that he desired and expected their co-operation in the work his committee was undertaking.

"We want to win a decisive victory for the Democratic ticket in our section of the State, in order to demonstrate our confidence in and affection for our own John Garner, who has been so signally honored by the Democratic Party."

He was told by his hearers that they would aid him in every way possible, and was assured that the result in the 15th District would be eminently satisfactory to the party. Those in attendance beside Mr. Tips, Mr. Miller and Mr. Scofield, were: Walter E. Jones, Paul S. Hill, E. D. Dunlap, H. L. Leonard, Milton H. West, W. E. Pope and Senator Archie Parr.

Mr. Miller commended Mr. Tips for initiating his campaign early, and stated that he believed an aggressive organization will result from the meeting.

#### LAST GAME OF SEASON.

Hondo will play the last baseball game of the season with LaCoste Sunday, September 25th, at the Fair Grounds ball park.

Hondo is out after revenge over the crack LaCoste team for two defeats early in the season, and it goes without saying that ball fans will get plenty of thrills out of this game.

Game will be called promptly at 3 o'clock.

### Hot Water Bottle Helps Weak Stomach

Many victims of stomach agony—gas, fullness after eating, biliousness, sick headache, dizzy spells, etc.—have found amazingly quick, sure, permanent relief this easy way:

First they throw away their magnesia, soda, and the idea they can't eat foods they like. They eat all they want of the nourishing things that appeal to them, merely taking a tablespoonful of mentha pepsin, or artificial stomach juice, before their meals. If they can, they lie down after heavy meals with a hot water bottle on the stomach.

And they have no more indigestion! Simple, isn't it? But simple remedies are best, says W. H. WINDROW, and offers mentha pepsin with a guarantee of money back if this easy home treatment does not free you, 100% from stomach trouble.
